

OFS to Present Technical Papers at UL and IWCS China Cable & Connectivity Symposium

Norcross, Georgia, April 18, 2017 – OFS, a leading designer, manufacturer and supplier of innovative fiber optic products will present six technical papers at the first-ever UL and IWCS China Cable & Connectivity Symposium. The Symposium will take place at the Marriott Shanghai City Centre, Shanghai, China, from April 25 through April 27, 2017.

The tracks, dates, and titles of the papers are as follows:

WEDNESDAY, APRIL 26, 2017

SESSION 1: EXECUTIVE TRACK

Track 3 - Implications of Bandwidth Growth on Network Deployment

SESSION 5: NEXT GENERATION SPECIAL FIBERS – Chaired by Dr. Peter Weimann, OFS

Track 4 - High Speed Short Wavelength Division Multiplexing Transmission over Next Generation Wideband Multimode Optical Fiber

Track 6 - Next Generation Wideband Multimode Fiber for High-Speed SWDM Datacom Links

THURSDAY, APRIL 27, 2017

SESSION 7: Special Applications

Track 2 - Acrylate-Based Specialty Optical Fiber Coatings for Harsh Environments

SESSION 9: Fiber and Cable Measurements

Track 1 - Cabling and Splicing Performance of an Ultra Low Loss, Optimized Effective Area Fiber for Terrestrial Long Haul Applications

Track 2 - Estimating Attenuation for Installed Single-Mode Fiber Links Using Statistical Methods

OFS is also a Diamond Sponsor of this Symposium. For additional details on all of the OFS presentations and the symposium schedule, please visit the [Conference Website](#).

About OFS

OFS is a world-leading designer, manufacturer and provider of optical fiber, fiber optic cable, connectivity, fiber-to-the-subscriber (FTTx) and specialty photonics products. We provide reliable, cost-effective solutions for a broad range of applications including telecommunications, medicine, industrial automation, sensing, government, aerospace and defense. These products help our customers meet the needs of consumers and businesses, both today and into the future.

Headquartered in Norcross (near Atlanta) Georgia, U.S.A., OFS is a global provider with facilities in China, Denmark, Germany, Russia and the United States. OFS is part of Furukawa Electric Company, a multi-billion dollar leader in optical communications.
