## **OFS HONORED BY AT&T AS OUTSTANDING SUPPLIER**

**Norcross, Georgia, June 16, 2008** — Commitment to excellence over the past year has earned OFS recognition as an outstanding supplier to affiliates of AT&T Inc. (NYSE: T), one of the world's leading data, voice, wireless and Internet services providers.

"We are proud of our long-standing tradition and leadership position in providing unparalleled products and services to our worldwide customer base," said Tim Harden, president of AT&T Supply Chain and Fleet Operations. "We're successful on that front in large part thanks to suppliers like OFS that consistently stood out in providing AT&T with better products, services, or solutions."

OFS received one of the 27 supplier recognition awards for its work in helping AT&T deliver outstanding service to its customers during the past year. OFS was recognized for its contributions in the area of Product/ Service Performance.

"Receiving the Product/ Service Performance award from AT&T is a great honor for OFS," said William Kloss, Executive Vice President of Marketing and Sales, North America and CALA, at OFS. "We look forward to continuing to provide best-in-class technology and delivery performance to AT&T and its customers."

As part of its annual supplier recognition program, AT&T took out a half-page ad in the June 11, 2008, edition of the Wall Street Journal to publicly thank the selected companies.

### **About OFS**

OFS is a world-leading designer, manufacturer and provider of optical fiber, optical fiber cable, connectivity, FTTx and specialty photonics solutions. Our marketing, sales, manufacturing and research teams provide forward-looking, innovative products and solutions in areas including Telecommunications, Medicine, Industrial Automation, Sensing,

Government, Aerospace and Defense applications. We provide reliable, cost effective optical solutions to enable our customers to meet the needs of today's and tomorrow's digital and energy consumers and businesses.

OFS' corporate lineage dates back to 1876 and includes technology powerhouses such as AT&T and Lucent Technologies. Today, OFS is owned by Furukawa Electric, a multi-billion dollar global leader in optical communications.
