

## A COVID-19 MESSAGE FROM OFS PRESIDENT AND CEO

November 11, 2020

Dear Valued Customers, Business Partners and Employees,

COVID-19 is continuing to impact people and countries around the world. OFS remains deeply focused on the safety and health of our workforce as well as all those with whom we do business. We understand that staying connected, informed and in touch is very important.

OFS is a global company with manufacturing facilities in China, Denmark, Germany, Morocco, Russia and the United States. All these plants are operating today and pro-actively strive to limit delivery interruptions to our customers. The senior leadership team at OFS extends its appreciation and thanks to all employees who report to work every day to continue the essential task of producing fiber optic products in demand world-wide.

Many of our people are working remotely in an effort to limit the spread of this virus. But we are still here for you, our valued customers and business partners, to whom we also extend our thanks and appreciation. Sales, Customer Care, Product Line Management, Solutions Engineering are just a video or voice call away. These capable teams are ready and available to assist with network engineering or product solutions questions for on-going or future communications builds in the Telecom, CATV, Utility and Web 2.0 sectors as well as to help design custom fiber solutions for specific Medical, Sensing, Aerospace and Industrial applications.

All of us at OFS continue to focus on safety, continuous improvement and open communication. Our employees are serious about maintaining the cleanliness of all high touch surfaces, to include equipment, and the environment in which they work. We encourage all to follow health authority guidelines like wearing a mask, frequent hand washing, social distancing and staying home if feeling ill.

OFS fiber optic solutions are critical tools used by many manufacturers and service providers world-wide and touch the lives of millions every year. We feel privileged and are committed to helping improve life for our generation and those to come.

Sincerely,

**Patrice Dubois**  
President, Chief Executive Officer
